

MRathon

May 9-10

Ecole Polytechnique de Montreal
Pavillon Bombardier
5155, Ch de la rampe Montréal
Montreal, QC H3S 5G4, Canada

The MR Hackathon (MRathon) is scheduled for May 9-10 2019, right before the annual meeting of the International Society for Magnetic Resonance in Medicine (ISMRM).

The aim is to promote reproducibility, collaboration, and standards through open source practices in magnetic resonance.

The trainees will find opportunity to network and to work on various software, hardware and reproducibility-related projects.
